

# MORAL INJURY is REAL.

Moral Injury is a common response to combat operations. It is not a disorder and is distinct from PTSD. If not addressed it can lead to suicide.

*Wars are ending. The dying is not.*

Warrior Camp's innovative, integrated therapeutic approach is setting a new, more effective standard for treatment of Combat-related PTSD and Moral Injury.

**Our nation's warriors need your help.

Trauma and Resiliency  
Resources, Inc.

Warrior Camp® is a Trademark of Trauma and Resiliency Resources, Inc., a New York City-based 501(c)(3) public charity dedicated to meeting the ongoing psychological needs of all military service personnel, the first responder community, and their families.

EIN 05-0621941

Leaders in the field of Military Trauma:  
PTSD, MST, and Moral Injury

Active duty military  
are committing suicide  
at the rate of **1 per day.**  
Veterans are committing  
suicide at the rate of  
**22 per day.**

TRR's Warrior Camp® is for active military, reserve personnel and veterans of all eras. Warriors who have served in a combat zone are prioritized so that we can work with those most at risk. Men and women from all service branches and ranks, without regard to discharge status are welcome.
